EDUCATION

Visvesvaraya National Institute of Technology <i>B.Tech, Electronics and Communication Engineering</i>	2023 – 2027
Kalmadi Shamrao Junior College <i>12th (HSC)</i>	2021 – 2023
MES BSM EMS <i>10th (SSC)</i>	2008 – 2021

EXPERIENCE

Minilec India Pvt. Ltd. <i>Hardware Engineering Intern</i>	May 2026 – Jul 2026
• Performed functional testing and circuit board troubleshooting on industrial annunciator systems using oscilloscopes, multimeters, and LTspice simulations, enabling root-cause identification and reducing rework time. • Investigated hardware failures through signal tracing, PCB inspection, schematic and datasheet reading, and relay circuit testing to identify defective components and validate repairs. • Documented defects and troubleshooting procedures to support product validation and manufacturing quality.	

PROJECTS

Betelnut Harvesting Drone	Jan 2026 – May 2026
• Designed a drone system for betelnut harvesting in difficult terrain. • Integrated sensors, control systems, and actuation to support stable operation in difficult terrain. • Secured funding through technical proposal and project presentation.	
Obstacle Avoiding Car	Sep 2024 – Nov 2024
• Designed a 3-wheeled autonomous robot using Arduino and ultrasonic sensors. • Developed embedded firmware for obstacle detection and directional control. • Demonstrated embedded systems, motor control, and sensor integration.	

POSITIONS OF RESPONSIBILITY

Department Council <i>Cultural Secretary</i>	Aug 2024 – May 2025
• Led the planning and execution of departmental cultural events and competitions. Effectively coordinated with faculty and peers, adapted to last-minute changes, and ensured smooth execution through teamwork and quick problem-solving.	
Model United Nations (AXIS'25) <i>Event representative</i>	Aug 2024 – Oct 2024
• Coordinated logistics and communication for the MUN event with 100+ delegates; ensuring real-time coordination and issue resolution, reflecting strong communication, adaptability, and decision-making skills.	
Hostel Council <i>Mess Secretary</i>	Aug 2023 – May 2024
• Managed daily mess operations for 200+ students, communicated regularly with vendors and administration, and resolved issues swiftly- demonstrating responsibility, negotiation skills, and presence of mind.	

SKILLS

- **PCB Design:** Altium Designer, I2C, UART
- **Hardware & Embedded:** Arduino, Keil uVision, Proteus, Embedded Circuit And System Design, Circuit Board Troubleshooting, Schematic And Datasheet Reading, Embedded Firmware Development (C/C++), Soldering 0402 Components
- **EDA & Simulation Tools:** PSpice, LT Spice, Microwind, Simulink, Oscilloscopes, Logic Analyzers, Multimeters
- **Languages:** VHDL, Assembly, HTML
- **Programming:** C, C++, Python, Matlab
